Schulschluss jeweils am Vortag nach Stundenplan.  
Ausnahme: Schulschluss vor den Sommerferien am Freitagnachmittag

The image shows a large grid intended for a lesson plan. The grid is composed of small squares. A central rectangular area is completely white and empty. A single vertical line is drawn at the bottom of the grid, extending upwards from the bottom edge. The grid is otherwise empty of text or markings.

The image shows a large grid intended for a timetable. The grid is divided into two equal halves by a vertical line. Each half consists of 20 columns and 30 rows. The grid is currently empty, with no text or markings inside the cells.

The image shows a large grid intended for a timetable. The grid is divided into two equal halves by a vertical line. Each half consists of 20 columns and 30 rows. The grid is currently empty, with no text or markings inside the cells.

The image shows a large grid intended for a timetable. The grid is divided into two equal halves by a vertical line. Each half consists of 20 columns and 30 rows. The grid is currently empty, with no text or markings inside the cells.

The image shows a large grid for a timetable, divided into two equal halves by a vertical line. The grid is empty and ready for scheduling. The grid consists of 20 columns and 30 rows. The vertical line is positioned between the 10th and 11th columns.

The image shows a large grid intended for a timetable. The grid is divided into two equal halves by a vertical line. Each half consists of 20 columns and 30 rows. The grid is currently empty, with no text or markings inside the cells.

The image shows a large grid for a timetable, divided into two equal halves by a vertical line. The grid is empty and ready for scheduling. The grid consists of 20 columns and 30 rows. The vertical line is positioned between the 10th and 11th columns. The grid is divided into two equal halves, each with 10 columns and 30 rows. The grid is empty and ready for scheduling.

The image shows a large grid for a lesson plan, divided into two equal halves by a vertical line. The grid consists of 20 columns and 30 rows. The left half has 10 columns and the right half has 10 columns. The grid is empty and ready for use.
